Water and Sewer Improvements Planned for The Maple Avenue Area

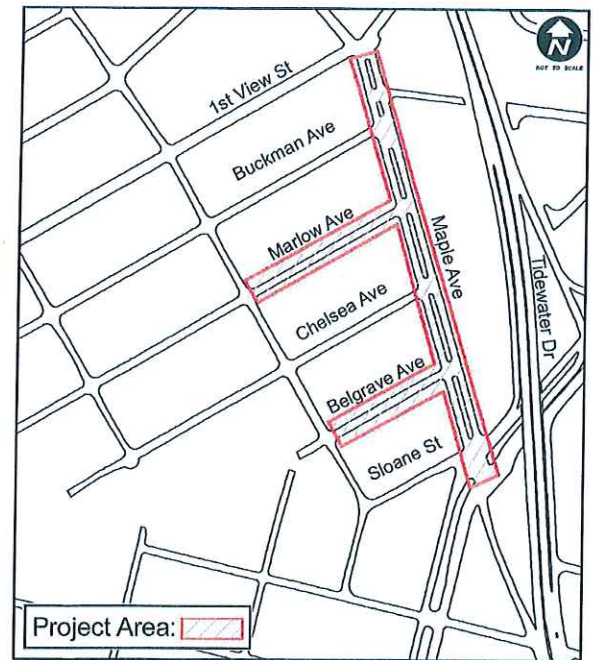

Work Set to Begin in Early Summer 2015

Dear Valued Customer,

The City of Norfolk Department of Utilities is pleased to have scheduled a \$1.5 million infrastructure improvement project in your neighborhood. The project area (shown on the map to the right) will receive new sanitary sewer and water pipes and fully resurfaced streets.

The City's contractor, Tidewater Utility Construction, Inc., is planning to begin work in July 2015, with anticipated completion in Spring 2016. Prior to construction you may notice utility markings and survey work in the neighborhood.

The City and our contractor will do our best to minimize the unavoidable disruptions associated with the construction. If you have any questions or concerns regarding this project, please do not hesitate to contact the City's on-site construction inspector, Jose Arocho. He can be reached by cell phone at (757) 618-5575 to respond quickly. You may also contact the project manager, Kevin Frederick, at (757) 664-6734.

We look forward to completing this project which will enhance your water and sewer service for years to come.

Sincerely,

Kristen M. Lentz, P.E.
Director of Utilities
